OUR SUPPLIERS

When we talk about food miles at The Cotely Inn, we really mean meters. Whether it's Ruby red Devon cattle in the field opposite, Nigel the shepherd's lovely lambs, our very own pigs in the paddock next to the car park or our seasonal greens from our kitchen garden, we aim to source as much of our produce as locally & sustainably as we can.

Our ethos also extends to smoking our own meat, fish & dairy in our home smoker, and putting Jasper our resident Labrador to good use on the local shoot.

Our head chef Dan has built his career using a 'nose to tail' principle where he uses all parts of the animal. This philosophy aligns with The Cotleys' attitude in helping reduce waste.

If we can't source our ingredients ourselves, we work closely with a number of South West based suppliers;
